DESCRIPTORS Adult Education; Annual Reports; *Enrollment; *Expenditures; Placement; Post Secondary Education; Records (Forms); Secondary Education; *State Federal Aid; *State Programs; *Statistical Data; *Vocational Education; Vocational Education Teachers

ABSTRACT

This report consists of computer printouts of vocational education statistical data by state. It was compiled from state vocational education reports submitted to the U.S. Office of Education for fiscal year 1976. The series of state-by-state tables include nineteen relating to expenditures (e.g., by target group, by level, by functions), three relating to number of teachers, one dealing with teacher training, twenty-one relating to enrollment in various programs, and four relating to placements of program completions. It is noted that the data should prove useful to all persons interested in assessing the scope and progress of vocational education in the U.S. and particularly those concerned with planning and evaluation. (The tables reflect programs, services, and activities carried out during FY 1976; however, the expenditures include federal funds carried over from FY 1974 and FY 1975. Programs were financed by federal, state, and local funds and were conducted under the approved state plan for vocational education. Federal funds used to support the state programs were authorized by the Vocational Education Act of 1963 as amended, PL 90-576.) The appendix includes copies of annual vocational education report forms. (JH)

FOREWORD

This report, the second in the "Vocational Education Information" series for Fiscal Year 1976, consists of computer printouts of statistical data by State. Programs were financed by Federal, State and local funds and were conducted under the approved State plan for vocational education. Federal funds used to support the State programs were authorized by the Vocational Education Act of 1963, as amended (P.L. 90-576). The tables reflect programs, services, and activities carried out during FY 1976; however, the expenditures include Federal funds carried over from FY 1974 and FY 1975. Data were compiled from vocational education reports which are submitted annually on forms provided by the U.S. Office of Education. (See Appendix.) The fiscal report from Nevada and reports from Guam, Trust Territory, and the Virgin Islands were not received at the time of this compilation. Where no data is reported by the State for a specific item, a "0" is indicated on the table.

The series of State-by-State tables includes 19 relating to expenditures, 3 relating to number of teachers, 1 dealing with teacher training, 21 relating to enrollments in various programs, and 4 relating to placements of program completions. It should be noted that certain tables cannot be precisely compared due to rounding into thousands and the inability of a few States to supply the detailed data. Fiscal data are subject to audit and are to be considered provisional.

Due to changes in reporting requirements and new legislation, some of the statistics are not necessarily compatible with those published in previous years. However, the State data should prove useful to all persons interested in assessing the scope and progress of vocational education in the United States and particularly those individuals who are concerned with planning and evaluation.

RICHARD E. CARLSON
Director
Division of Vocational
and Technical Education

March 1978

NOTE: The so-called Tydings Amendment permits the carryover of unobligated funds to the succeeding fiscal year.

Accordingly, expenditures reported here are from more than one allotment and cannot be used to determine whether the minimum percentage requirement is met.

ANNUAL VOCATIONAL EDUCATION REPORT FORMS

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
OFFICE OF EDUCATION
WASHINGTON, D.C. 20202

FORM APPROVED
OMB NO. 51-R1142

VOCATIONAL EDUCATION FORMULA GRANT PROGRAMS
INSTRUCTIONS FOR PREPARING THE FINANCIAL STATUS REPORT

Send original and two copies to appropriate Regional Office, BOAE. (See attached list.)

Item 1. Federal grantor agency is preprinted on the form.

Item 2. Enter the appropriate CAN (Common Account Number) as assigned by the grant award document for the fiscal year for each program grant preprinted on the form.

Item 3. Enter the name and complete mailing address, including the ZIP code for the grantee organization.

Item 4. Enter the employer identification number assigned by the U.S. Internal Revenue Service. If the grantee organization has been assigned a DHEW entity number consisting of the IRS employer identification number prefixed by "1" and suffixed by a two digit number, enter the full DHEW entity number.

Item 5. This space is reserved for an account number or other identifying numbers which may be assigned by the grantee.

Item 6. Mark the appropriate box. The annual report shall be submitted 90 days after the end of each grant period (Fiscal Year). If actual figures are not available for inclusion within 90 days, check "NO" and use preliminary or tentative figures and indicate "Estimated" to the right of the words "Final Report" in Block 6; immediately below the word "Estimated" enter the date the "Actual" report will be submitted.
The Final Report shall be submitted 90 days after the completion of the program (grant closed).

Item 7. Check appropriate box.

Item 8. Enter the fiscal year for which the grant is made.

Item 9. Enter the month, day, and year of the beginning and ending dates of the period for which this report is prepared.

PLEASE READ BEFORE COMPLETING ITEM 10. A separate form is provided for each program grant. The purpose of the vertical Columns (1) through (6) is to provide a further breakdown of financial data by purposes or functions specified in legislation. All lines must have an entry in the "Total" column, but Lines h-m may be omitted for Columns (1) through (6).

In the case of the Basic Grant where additional columns are found on a second form, the summary totals of all columns should be shown in the "Total" column of the first page (the "Total" column on the second sheet should be left blank).

Item 10. Status of Funds.

Line a. Enter the total outlays reported on Line 10e of the last report. Show zero, if this is initial report.

Line b. Enter the total gross program outlays for this report period, including Federal and matching funds and disbursements of cash realized as program income. For reports which are prepared on a cash basis, outlays are the sum of actual cash disbursements for goods and services, the amount of indirect expense charged and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, and the net increase (or decrease) in the amounts owed by the grantee for goods and other property received and for services performed by employees, contractors, subgrantees, and other payees.

Line c. Enter the amount of all program income realized in this period which is to be used in the project or program in accordance with the terms of the grant. For reports prepared on a cash basis, enter the amount of cash income received during the reporting period. For reports prepared on an accrual basis, enter the amount of the net increase (or decrease) in the amount of accrued income since the beginning of the report period.

Line d. This amount should be the difference between amounts shown on Lines b and c.

Line e. Enter the sum of amounts shown on Lines a and d above.

Line f. Enter the amount pertaining to the non-Federal share of program outlays included in the amount on Line e. Include all State and local funds expended during the fiscal year used to match Federal funds.

Line g. Enter the Federal share of program outlays. The amount should be the difference between Lines e and f.

Line h. When the report is prepared on a cash basis, enter in "Total" column the total amount of unpaid obligations for this project or program including unpaid obligations to subgrantees. If the report is prepared on an accrued expenditure basis, enter the amount of undelivered orders and other outstanding obligations. Do NOT include any amounts that have been included on Lines a through g. On the final report, Line h should have a zero balance.

Line i. Enter in "Total" column the non-Federal share of unpaid obligations shown on Line h.

Line j. Enter in "Total" column the Federal share of unpaid obligations shown on Line h. The amount shown on this line should be the difference between the amounts on Lines h and i.

Line k. Enter in "Total" column the sum of the amounts shown on Lines g and j. If the report is final, the report should not contain any unpaid obligations.

Line l. Enter in "Total" column the total cumulative amount of Federal funds authorized (allotment).

Line m. Enter in "Total" column, the unobligated balance of Federal funds. This amount should be the difference between Lines k and l.

Item 11. Indirect Expense.

a. **Type of rate.** Mark the appropriate box.

b. **Rate.** Enter the rate in effect during the reporting period.

c. **Base.** Enter the amount of the base to which the rate was applied.

d. **Total amount.** Enter the total amount of indirect cost charged during the report period.

e. **Federal share.** Enter the amount of the Federal share charged during the report period.

If more than one rate was applied during the project period, include a separate schedule which shows the bases against which the indirect cost rates were applied, the respective indirect rate, the month, day, and year the indirect rates were in effect, amounts of indirect expense charged to the project, and the Federal share of indirect expense charged to the project to date. (See Office of Management and Budget Circular A-87 which contains principles for determining allowable costs of grants and contracts with State and local governments.)

Item 12. Space is provided for any explanation deemed necessary by the grantee. Provide also information requested on certain forms as follows:

Research (State). Amount of funds allocated to programs for the Disadvantaged and the Handicapped.

Consumer and Homemaking. Amount of funds allocated to programs for the Disadvantaged and the Handicapped.

Cooperative Education. Amount of funds allocated to "Employer Reimbursement" and "Unusual Student Costs."

Item 13. Complete the certification before submitting this report. The certification should be by the person responsible for program administration. Such certification of separate program grants covers also the Supplementary Financial Status Report.

INSTRUCTIONS

This form provides a further categorical breakdown for the total expenditures made during fiscal year. Please note that the amounts do not have to add up to the "Total" column for each program as requested on HEW-601T.

COLUMN (b). Enter total expenditures of Federal, State, and local funds for instructional services provided under contract with private vocational training institutions.

COLUMN (c). Enter total expenditures of Federal, State, and local funds for salaries and other expenses directly related to guidance and counseling programs and activities including group guidance (prevocational).

COLUMN (d). Enter total expenditures of Federal and State funds for salaries, travel, equipment, supplies, communications, utilities, and other related expenditures for administration, supervision, and evaluation attributable to vocational education at the State level.

COLUMN (e). Enter total expenditures of Federal and State funds for evaluating vocational education programs.

COLUMN (f). Enter total expenditures of Federal, State, and local funds for salaries, travel, equipment, supplies, communications, utilities, and other related expenditures for administration, supervision, and evaluation attributable to vocational education at the local level.

COLUMN (g). Enter total expenditures of Federal, State, and local funds for salaries, travel, equipment, supplies, communications, utilities, and other related expenditures for teacher education, including transportation or prospective teachers enrolled in an approved teacher training program.

COLUMN (h). Enter total expenditures for Federal, State, and local funds for salaries, travel, equipment, supplies, communications, utilities, and other related expenditures for research and demonstration.

COLUMN (i). Enter total expenditures of Federal, State, and local funds for salaries, travel, equipment, supplies, communications, utilties, and other related expenditures for curriculum development.

INSTRUCTIONS AND DEFINITIONS FOR PREPARATION OF ANNUAL VOCATIONAL EDUCATION PERFORMANCE REPORT

FORM APPROVED
O.M.B. NO. 51-R1034

INSTRUCTIONS

The Office of Management and Budget Circular FMC 74-7, dated September 13, 1974, titled "Uniform Administrative Requirements for Grants-in-Aid to State and Local Governments" prescribe the procedures for monitoring and reporting program performance under Federal grants. Attachment I of the Circular states: "Grantees shall submit a performance report for each grant which briefly presents the following:

"a. A comparison of actual accomplishments to the goals established for the period. Where the output of grant programs can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

"b. Reasons for slippage in those cases where established goals were not met.

"c. Other pertinent information including, where appropriate, analysis and explanation of cost overruns or high unit costs."

Submit the narrative portion of the report following the Outline for Descriptive Report (OE Form 346-1) attached. Incorporate into the report in Part B information on accomplishments as relates to Industrial Arts and Volunteer Fireman programs. Supplementary statistical data relating to teachers, enrollments, and placements should be reported on OE Forms 346-2, 346-3, and 346-4.

The performance report should be submitted annually 90 days after the end of the grant period in three copies to the appropriate Regional Office, Bureau of Occupational and Adult Education, U.S. Department of Health, Education, and Welfare, along with the annual Financial Status Report.

Report information on all programs which met the standards of the State plan, received direction and supervision, and furnished reports, irrespective of whether expenditures for those programs were supported by Federal vocational funds or used for matching Federal vocational funds.

DEFINITIONS

VOCATIONAL EDUCATION - Programs, services, or activities related to vocational and technical training or retraining provided under the approved **State plan for vocational education.** Thus, information is reported on all programs which met the prescribed standards of the State plan, received direction and supervision, and furnished reports.

ELEMENTARY - A program designed for children, grade 6 and below.

SECONDARY - A program designed for high school youth including grades 7 through 12.

GROUP GUIDANCE (prevocational) - A program designed to familiarize students with the broad range of occupations for which special skills are required and the requisites for careers in such occupations; and assist such students in the making of informed and meaningful occupational choices. The program may include exploratory work experiences.

PREPARATORY - A program usually, but not necessarily above grade 8, in which students are given instruction leading to first employment.

PRE-POSTSECONDARY - A secondary vocational education program with a special academic component disigned for specific preparation for postsecondary occupational education programs.

POSTSECONDARY (Preparatory) - A program designed primarily for youth or adults who have completed or left high school and who are available for an organized program of study in preparation for entering the labor market.

ADULT PREPARATORY (part-time study) - A program designed to provide training for persons who have already entered the labor market or are unemployed but need retraining in preparing for a new occupation.

ADULT SUPPLEMENTARY (part-time study) - A program designed to provide training for persons who have already entered the labor market and need training to be updated or upgraded to achieve stability or advancement in their current employment.

DISADVANTAGED – Persons who have academic, socioeconomic, cultural, or other handicaps (excluding physical or mental) that prevent them from succeeding in regular vocational education or consumer and homemaking programs designed for persons without such handicaps and who for that reason require specially designed educational programs or related services. The term includes persons of limited English-speaking ability.

HANDICAPPED - Persons who are mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, crippled, or other health impaired persons who by reason of their handicapping condition cannot succeed in a regular vocational or consumer and homemaking program designed for persons without such handicaps, and who for that reason require special educational assistance or a modified vocational or consumer and homemaking education program.

COOPERATIVE - A cooperative vocational education program for persons who, through a cooperative arrangement between the school and employers, receive instruction (including required academic courses and related vocational instruction) by the alteration of study in school with a job in any occupational field, but these two experiences must be planned and supervised by the school and employers so that each contributes to the student's education and to his employability.

COMPLETIONS - Students who successfully completed the required sequence of vocational instruction in their programs of study and graduated; completed the vocational program requirements and left school without graduating; terminated their training in a program prior to normal completion time but who have gained marketable skills and have been employed full time in the field for which they have been trained.

DESCRIPTIVE REPORT OF PROGRAM ACTIVITIES FOR VOCATIONAL EDUCATION

(Vocational Education Amendments of 1968, Public Law 90-576)

FORM APPROVED
O.M.B. NO. 51-R1034

FISCAL YEAR ENDING	REPORT DUE
June 30, 19	October 1, 19

OUTLINE FOR DESCRIPTIVE REPORT

Information supplied can form the basis for an objective evaluation by the State Vocational Education Agency as to how well it met the objectives which were established in the State plan. It will also further the exchange of information and services between the State Educational Agency and the Office of Education and enable the latter to obtain information which can be utilized in the further implementation of the Vocational Education Acts.

This report will provide the Commissioner of Education with information needed for his annual report to the Congress and the Nation. The determination of emerging needs and trends revealed by a study of this and other similar information will assist in the formulation of new Federal legislative programs and the recommendations of new policies and procedures relating to program operations.

PROGRAM DEVELOPMENT AND ACCOMPLISHMENTS.
Describe in detail below *(by Part)* the accomplishments of the objectives as set forth in the Annual Program Plan, and in the Long Range Plan, of the current State plan. Indicate the accomplishments, or failure to achieve the objectives, in terms of resources utilized, articulation with other programs, levels or agencies, transition from school to work, employer's involvements, and occupational needs, where applicable.

STATE PROGRAMS

Part B of the Act.

1. Accomplishments for each of the five categories of persons served, as set forth in the Annual Program Plan. Indicate by level of education the average school time students spend in vocational education, for example, 20 percent of 6-period secondary school day, 67 percent of postsecondary course load, 36 clock hours per year for adult classes. If programs vary widely, group OE instructional programs by categories of time to show the range and distribution.

Indicate the estimated percentage distribution of: (1) total funds expended for handicapped persons; (2) Federal funds expended for handicapped persons; and (3) enrollment of handicapped persons by the type of handicap; i.e., trainable mentally retarded, educational mentally retarded, hard of hearing, deaf, speech impaired, visually impaired, emotionally disturbed, crippled, learning disabilities.

2. Accomplishments in terms of the geographical distribution of allocations of funds for vocational education for the categories of persons served by the degree of priority given to the types of areas designated in the Long Range Program Plan, as set forth in the Annual Program Plan.

3. Accomplishments of objectives or activities as shown in the Annual Program Plan, for programs under contract; vocational guidance and counseling; construction of area schools, ancillary services and activities and State programs for the disadvantaged under Section 102(b)

SPECIAL PROGRAMS

Part C of the Act.

Describe the objectives accomplished by the research coordination units, ongoing research, training, and pilot programs contracted during the fiscal year.

Part D of the Act.

Describe the objectives accomplished by the establishment, operation, and evaluation of exemplary programs and projects. Include the estimated number of persons served in each type of activity by level and target group.

Part F of the Act.

Describe the objectives accomplished for consumer and homemaking educational programs of instruction.

Part G of the Act.

Describe the objectives accomplished for instruction furnished in cooperative vocational education programs.

Part H of the Act.

Describe the objectives accomplished in work-study programs.

OTHER INFORMATION REQUESTED

1. List and briefly describe the highlights of 3 – 5 exceptional or model programs, using the following outline:

Type of program

Location

Funding source

Persons served *(number, sex, age, grade, income, handicaps, location, racial/ethnic, etc.)*

Instructional content and other services provided

Method of instruction *(classroom, shop, cooperative)*

Intensity of program *(time per week, weeks per year)*

Program effectiveness *(school retention, completion, placement, earnings, etc.)*

Cost per student *(instructional, other)*

2. Describe the State's activities and services of vocational youth organizations as they relate to the programs of vocational education.

3. Report findings, if any, of kinds *(newly identified or continuing)* of vocational education not being adequately provided, and occupational or employer-expressed categories of demand. Indicate specific translations of such findings into new programs or services more effective – either to improve quality of productivity, or to reduce unit costs. Categorize the recommendations as to things the State itself can do and things requiring Office of Education or Congressional action.

INSTRUCTIONS

SECTION I – NUMBER OF TEACHERS REPORTED AS FULL-TIME EQUIVALENTS AND STATUS OF TEACHER TRAINING

NOTE: Report all teachers of vocational education employed during the fiscal year who meet the standards of the State plan.

A full-time vocational education teacher is one carrying a vocational teaching assignment that contains at least the minimum number of hours considered by the State board or local educational agency to be the recognized full-time load of a person engaged for a normal work day and week in the program.

A part-time vocational education teacher is one carrying a vocational teaching assignment that contains less than the minimum number of hours considered by the State Board of local educational agency to be the recognized full-time load of a person engaged for a normal work day and week in that program.

Column (b). On line 1 report the total number of persons teaching vocational education in the State. In this unduplicated total, a person is counted only once even though he may be reported in two or more programs *(lines)*. Do not include in line 1 the number of persons reported on lines 13-16, since this is a duplication. On lines 2-12 and 17, report the number of persons teaching in each program listed. A person is counted once even though he may be reported in two or more levels. On lines 13-16, report the number of teachers entered on lines 2-12 and 17 providing services to particular target groups or in special programs.

Columns (c) and (d). On line 1, report the total number of full-time equivalents at the secondary and postsecondary levels. On lines 2-17 report the full-time equivalents for each program listed. Count only full-time and part-time teachers filling positions. DO NOT count unfilled positions.

> Full-time equivalency of assignment is the amount of employed time that is normally required of a teacher to perform a less-than-full-time assignment within an assignment classification in proportion to that normally required in a full-time assignment in the same assignment classification, with "1.0" representing one full-time assignment. It is derived by dividing the amount of employed time normally required in the less-than-full-time assignment by the amount of employed time normally required in a corresponding full-time assignment. Full-time equivalency of assignment should be expressed as a decimal fraction to the nearest tenth.

For each vocational teaching assignment category determine the full-time equivalency of each teacher. The sum of the equivalencies of each teacher within an assignment category should be entered in the appropriate space on the form.

Examples: 1. Each person assigned full-time to a position category should be counted as 1.0.

2. A person employed full-time, but assigned to more than one vocational teaching category should be counted part time in each category, e.g., a person who spends 3 days per week as an agriculture teacher and 2 days group guidance teacher should be counted 0.6 as agriculture and 0.4 group guidance.

3. A teacher aide employed 2 hours per day in a school system with a 6 hour day should be counted as 0.3.

Columns (e) and (f). On line 1 report the total number of full-time and part-time teachers who teach at the adult level in vocational education. This is an unduplicated total. A person is counted only once even though he may be reported in two or more programs. On lines 2-17, report the number of full-time and part-time teachers for each program.

Column (g). Enter total enrollees in preservice teacher training programs who had not entered upon the regular vocational instructional activities for which they were preparing. Do not report a number on line 16.

Column (h). Enter total number of enrollees in inservice teacher training programs.

Column (i). Enter total number of completions of those reported in column (g) and who also completed State plan requirements.

Column (j). Enter total number of completions of those reported in column (h) and who also completed State plan requirements.

SECTION II – LOCAL ADMINISTRATIVE PERSONNEL

Line 1. Report the total number of persons who serve in local administrative positions. A person is counted only once even though he may be reported in two or more lines. The sum of lines 2 through 5 does not necessarily represent the total number of local administrative personnel entered in the columns.

Lines 2 - 5. Enter the number of local educational agency administrative personnel other than teachers who have assigned responsibilities relating to the overall vocational education program or supervisory responsibility for one or more vocational education programs listed.

Column (b). Report the total number of each type of local administrative personnel. A person is counted only once even though he may be reported in two or more levels *(columns)*. The sum of the columns may not represent the total number of local administrative personnel.

OFFICE OF EDUCATION
WASHINGTON, D.C. 20202

INSTRUCTIONS FOR ENROLLMENTS IN VOCATIONAL EDUCATION PROGRAMS

(OE Form 346-3, 7/75, OMB NO. 51-R1034)

This form is composed of four sections for recording all persons enrolled in occupational and special vocational education programs by sex, level of education, in cooperative programs and completions.

SECTION I – ENROLLMENTS IN VOCATIONAL EDUCATION PROGRAMS

Column (b). Enter total enrollments in each occupational program and in special programs.

Column (c). Enter number of female students enrolled. The number of male students will be the difference between the total and number of females.

Columns (d) through (h). Enter enrollments for each applicable level: secondary, postsecondary, and adult, as defined in the general instructions. Adult level includes preparatory, adult supplementary, and apprenticeship. The sum of columns (d) through (h) MUST equal column (b).

Column (i). Enter enrollments of cooperative students.

Column (j). Report completions as defined in the General Instructions. Do not report a student who remains in school after completing program requirements until the year he graduates or leaves school.

Grand Total. Enter total number of students enrolled in all vocational education programs at all levels. A person is counted only once in this unduplicated total even though he may be reported in more than one program category; i.e., 01.0000 and 99.0000.

Code 01.0000 and continued. Enter total enrollments for each 2-digit program area plus a breakout of enrollments under each area by selected 4- and 6-digit OE Code instructional program number and title as shown. A person is enrolled in only one instructional program under a 2-digit program area.

> OE INSTRUCTIONAL PROGRAM – An instructional program is defined as one or more vocational or related courses in a prescribed sequence having a distinct code number, under an appropriate occupational classification, leading to a specific kind and level of job entry skills (or completion of a Consumer and Homemaking program) as prescribed by the State or local agency for that program.

SECTION II – ENROLLMENTS IN SPECIAL FUNDED VOCATIONAL EDUCATION PROGRAMS, BY LEVEL

Lines 1 through 4. Report the number of students who were served in programs which received special funds reported in Section I, above.

SECTION III – ENROLLMENTS OF PERSONS WITH SPECIAL NEEDS, BY LEVEL

Lines 1 and 2. Break out the total number of students enrolled in all programs who are classified as disadvantaged or handicapped and received special services. This is a duplication and does not equal the total.

SECTION IV – ESTIMATED ENROLLMENT BY RACIAL/ETHNIC GROUP

Lines 1 through 6. Report total enrollment in Section I by racial/ethnic group.

4. Asian or Pacific Islander									
5. Hispanic									
6. White, not of Hispanic Origin									

INSTRUCTIONS

This report is due May 1 and should show the status of respondents as of the work week ended nearest February 15 of the current calendar year. This form is concerned with a follow-up of students who completed a secondary, postsecondary, or adult preparatory program during the fiscal year just completed. Complete and submit a separate form for each level reported. Indicate level to which form applies.

Column (b). Report the number of students who:

(1) Successfully completed the required sequence of vocational instruction in their programs of study and graduated.

(2) Completed the vocational program requirements and left school, without gradjating.

(3) Terminated their training in a program prior to normal completion time but who have gained marketable skills and have been employed full time in the field for which they have been trained.

The number of completions reported here should relate to the number of completions *(and left prior to normal completion time with marketable skills)* reported on **OE Form 346-3.**

Column (c). Report the number of students who could not be located.

Column (d). Report the total number of students who are known to be not available for placement because of continuing their education or training at a higher level *(postsecondary)*

Column (e). Enter the total number of students known to be not available for placement for other reasons, i.e., the students who entered the Armed Forces and those not available due to death, illness, or by choice.

Column (f). Report the total number of students known to have been employed full time in the field for which they were trained or a closely related field. Full-time employment means working the number of hours per week considered normal for that particular occupation.

Column (g). Report the total number of students who are known to have been available for employment and were unemployed on February 15.

Column (h). Enter the total number of students known to have been available for placement and who are employed in an occupation not related to the training received, or are employed part time.

The sum of **columns (c)–(h)** must equal the total of **column (b).**

Line 1 – Total. Report the sum of all vocational programs for lines 2–9.

Lines 10 and 11. Break out the number of students who prepared for employment in an occupational program and are also classified as disadvantaged or handicapped. This number is a duplication and does not equal the total.
